TECHNICAL INTEREST

Data Analytics · AI-Driven Automation · Cloud Computing · Software Quality Assurance · UI/UX Design

EDUCATION

Bachelor of Science in Computer Science with Specialization in Data Science

Laguna University | Laguna Sports Complex, Brgy. Bubukal, Santa Cruz, Laguna

TECHNICAL SKILLS

AI & Automation	N8N, Gumloop, Workflow Automation, Process Optimization
Programming Languages	Python, C, C#, Java, JavaScript, TypeScript, PHP, C++
Web Development	HTML, CSS, React, Vite, Tailwind CSS, .NET
Mobile Development	Android App Development (Java, Dart)
Databases	Firebase, MySQL, SQL
Tools & Platforms	Git / GitHub, VS Code, Android Studio, Figma, Arduino
Soft Skills	Problem-Solving, Analytical Thinking, Strong Communication, Team Collaboration, Adaptability, Time Management, Attention to Detail, Critical Thinking, Self-Motivation
Languages	English, Filipino

EXPERIENCE

Software Developer Intern On-the-Job Training

TechFactorsInc. | 134 V. Luna Ext., Sikatuna Village, Quezon City

- Built TALA.Sys, a full-stack internal operations system for managing equipment, deployments, inspections, inventory, and system logs using React (Vite), TypeScript, and Firebase
- Assisted in robotics and Arduino-based system integration and automation tasks
- Conducted system auditing and testing to verify application reliability and performance
- Collaborated with the team to optimize internal operational workflows and functionality

Office Assistant SPES Program

Engineering Department, LGU Victoria, Laguna | Municipality of Victoria, Laguna

- Provided administrative support to the Engineering Department, ensuring efficient office operations and front-office client assistance
- Performed accurate data encoding and record management of engineering documents, plans, permits, and project files
- Maintained organized filing systems for physical and digital records including zoning applications and construction compliance materials
- Assisted engineers in preparing reports, official forms, and project documentation; coordinated clerical tasks as assigned

PROJECTS

3N8Analytics – Causal Forecasting & Supply Chain Simulation

- Live: [3n8analytics.site](#) · React + Vite, JavaScript, Firebase
- Developed a demand forecasting and simulation system for a Pepsi beverage distributor, modeling promotions, holidays, and seasonal trends to support inventory and supply chain decision-making

TALA.Sys – Internal Operations System for TechFactorsInc

- Live: [techfactorsincequipmentmanagementsystem.onrender.com](#) · React + Vite, TypeScript, Firebase
- Lead developer of a multi-module web system covering equipment management, deployment tracking, inspections, inventory, user roles, and system logs for a real client organization

Botani-Snap AI – Plant Identification System

- Repo: [github.com/thebadsektor/tc3202-3b-4](#) · React, Python, Firebase, AI, JavaScript
- AI-powered web application for identifying plant species via camera or image upload, returning scientific names, botanical details, care instructions, and plant characteristics

Note Nudge – Task Management System

- Repo: github.com/seansalabsab/Taskdumpster · React, Python, Firebase, JavaScript, Tailwind CSS
- Built a real-time web task manager featuring smart notifications and automatic archiving of overdue tasks

TRAININGS, SEMINARS & CONFERENCES

DICT 40-hour Python Essentials Course 1

Department of Information and Communications Technology | Via Zoom

Data Analyst Series: Intro to Power BI (Crash Course) January 17, 2026

DataSensePh | Via Zoom

From Passion to Profession: Navigating the World of IT and Unity Development

Laguna University | Via Zoom (Organizer)

- "Code Your Future: Choosing the Right IT Career" Speaker: Mr. Rancel Dela Cruz
- "Introduction to Unity Game Development" Speaker: Mr. Renz Paolo D. Napiza

Empowering Future Researchers with Knowledge and Integrity

Laguna University Research and Development | Via Zoom

Bridging the Digital Divide: Fostering Inclusivity and Innovation in the Industry

College of Computing Studies, Laguna University | Word of Life Philippines, Calauan, Laguna

- How to Start Your Career as a Programmer
- Awakening: What to Expect in the IT Industry
- Cloud Computing: Modern IT Infrastructure & Expectation "Real Talk"

CS Trainings: Game Development Fundamentals & MS Copilot

Laguna University College of Computing Studies | Laguna Sports Complex, Sta. Cruz, Laguna

CCS Summit: Cybersecurity, IT Infrastructure & Freelancing

CCS Laguna University | Caliraya Resorts Club, Lumban, Laguna

- Securing Your Digital Footprint: Understanding Cybersecurity
- N-able (N-Central): Revolutionize Service Delivery
- Monetizing and Empowering Creativity: Navigating Freelance Opportunities in Digital Content Development
- Virtualization: Harnessing the Power of Virtual Machines
